Appl. No. 10/627,267 Amdt. Dated April 4, 2005 Reply to Office Action of December 2, 2004

• • REMARKS/ARGUMENTS • •

The Official Action of December 2, 2004 has been thoroughly studied. Accordingly, the

changes presented herein for the application, considered together with the following remarks, are

believed to be sufficient to place the application into condition for allowance.

By the present amendment, independent claim 1 has been changed to recite that "a, b, c, d, e

and f, independently are $\underline{0}$ or positive integers from $\underline{0}$ to 30 with the proviso that the sum of a + b + a

c+d+e+f is from 6 to 80." This change to claim 1 avoids the inference that zero (0) is a positive

integer.

This change to the claims is believed to be properly enterable after Final Rejection inasmuch

as it addresses and overcomes issued raised by the Examiner under 35 U.S.C. §112, second

paragraph.

Entry of the changes to the claims is respectfully requested.

Claims 1-3 are pending in this application.

On page 2 of the Official Action the Examiner has rejected claims 1 and 2 under 35 U.S.C.

§112, second paragraph. Under this rejection the Examiner notes that "it is not readily ascertainable

as to how '0' further limits the antecedently recited 'positive integers."

Reply to Office Action of December 2, 2004

In response to this rejection, claim 1 has been changed to recite that "a, b, c, d, e and f,

independently are $\underline{0}$ or positive integers from $\underline{0}$ $\underline{1}$ to 30 with the proviso that the sum of $\underline{a} + \underline{b} + \underline{c} + \underline{d}$

+e+f is from 6 to 80."

This change to claim 1 avoids the inference that zero (0) is a positive integer and is believed

to address and overcome the outstanding rejection of the claims under 35 U.S.C. §112, second

paragraph.

Claims 1 and 2 stand provisionally rejected under the judicially created doctrine of

obviousness-type double patenting as being unpatentable over claims 1-5 of co-pending application

serial no. 10/627,267.

Claim 3 stands provisionally rejected under the judicially created doctrine of obviousness-

type double patenting as being unpatentable over claims 1-5 of co-pending application serial no.

10/627,267 in view of JP 2-180941.

In response to the provisional obviousness-type double patenting rejections which were

repeated from the Official Action mailed May 21, 2004, applicant filed a Terminal Disclaimer on

January 17, 2004 in which the terminal part of any application issuing on the present application

which would extend beyond the term of any patent issuing on co-pending application serial no.

10/627,267 was disclaimed.

The undersigned has verified from the PTO's PAIR system that the Terminal Disclaimer was

approved.
